DRIVES

SMOOTH, FAST AND COMFORTABLE TRAVEL

System	Rated Load	Rated Speed	Suspension	Drive Model	Connection	Traction Diameter
W Line EQ 375	180 - 375* kg	1,0 m/s	1:1	E27L	Terminal Box	Ø180 mm
W Line EQ 630	375* - 630 kg	1,0 m/s	2:1	E27L	Terminal Box	Ø180 mm

*According to P weight, system's suspension should be considered.

CONTROLLER

E-Pack Evo

- **Power Range:**
Between 4kW and 22kW.
- **Silent:**
Operates quietly through its contactor-less system (Safe Torque Off - STO).
- **Compact Dimensions:**
Lift controller and frequency inverter integrated in one device.
- **DSP-Based Design:**
Highest level of comfort and efficiency.
- **Fast Installation:**
Pre-arranged cabinet complete with all electrical components.
- **Group Control:**
Support for group of lifts up to 8.
- **Hardware:**
Built-in RFI filter and choke coil.
- **Interfaces:**
USB and Ethernet.
- **Remote Access:**
Remote access via internet.
- **Access Control:**
Integrated access control and VIP Access support.
- **TFT Hand Terminal**
- **Easy Update:**
The hand-held terminal stores all data in the integrated SD card.

E-Pack Plus

- **Compact Dimensions:**
Integrated control with frequency inverter.
- **Fast Installation:**
Pre-arranged cabinet complete with all electrical components.
- **Fits in Every Shaft:**
With compact control cabinet dimensions or with service panel in front of the landing door frame and the power unit inside the head room.
- **Easy Update:**
The hand-held terminal stores all data in the integrated SD card.
- **Easy Setting:**
Automatic motor tuning, shaft learning features.
- **Remote Control:**
Can bus connection between hand-held terminal with colored TFT display and lift. No PC needed.
- **5 Pre-Set Comfort Parameters:**
The 5 most important parameters for fast and safe commissioning.
- **Always Have An Access To The Latest Manuals:**
With hand-held terminal always access to the latest firmware.
- **Further Advantages:**
High stopping accuracy, retraction with opening door, energy-saving mode, releveling, short floor drive, integrated EMC filter and DC choke, 230 VAC safety circuit.
- **Hand Terminal**

Ocean Series are compatible with E-Pack Plus controller.

An aerial photograph of a European city square, likely in Copenhagen, showing a mix of historic and modern architecture. The scene is bathed in the warm, golden light of sunset. A large teal circle in the upper right corner contains the text 'SUNSET Series' in white serif font. The buildings feature various roof colors (red, grey, green) and facades (orange, yellow, grey, red brick). A large church with a green dome is visible on the right. In the foreground, there are colorful buildings with gabled roofs and dormer windows. A paved square with some greenery and a few people is in the middle ground. The overall atmosphere is vibrant and historic.
